ACADEMY HERALD

GOULD ACADEMY

Class of 1998

SENIOR DEDICATION: Mr. Davis

With his Texas drawl and manly gait, life seems more relaxed, and things get a little slower. But with that he brings a heart the size of Texas and a brain only a little smaller. When we are having a bad day, all we have to do is gaze at him and things look a little funnier. His ties, pen stains, and beautiful clashing clothing will forever be etched in our memories. As well, his enthusiasm, caring, intellect, witticism, unending puns, and passion will be carried on with us. He has given us a part of himself, and for a man whose hair is as confused as he is that is something special. In the future when we read Steinbeck, we will remember his passion and enthusiasm; when we see a crazy tie we will be taken back to how masterfully his wardrobe clashed; when we experience kindness and compassion, we will be taken back to a man who taught that to so many. Thank you Mr. Davis; the class of 1998 dedicated this Yearbook to you.

SENIOR APPRECIATION: Mr. Torino

For the past three years, with an unbelievable amount of energy and incredible work ethic, Mr. Torino has "fired up" Gould Academy. Gifted with the ability to balance high intensity with a sense of humor, he has been a success as both a teacher and coach. His students and teams have appreciated his dedication and good nature. We thank him from our hearts for what he has given us all. As Mr. Torino moves on, his positive impact on Gould will never be forgotten by those who knew him.

My Family — thank you guys so much for the support, love, and patience you have given me these 4 years. Without it I would have a very difficult time! I can't thank you enough. I love you all so much. **Teri** — there comes a time when you accept people and love them because you realize who they are. I have finally reached that point. I know the years were hard, and even though it was hardly shown I did care. Between the "whatevers" and the screaming, and fighting, You taught me more than you will ever know — patience and respect. If it continues it's only because I still have the childishness in me! I am truly sorry for everything. **Erin** — what can I say. You put up with me, and I love you for it. One of these days we are going to have some fun together! **Mrs. Whalen** — I don't know where to begin. You have been the person that guided me through, and I can't say enough words to repay you or thank you. I know I was hard, but it only made both of us stronger in the long run. Your persistence got me where I am today, and your listening helped me through what seemed like the most difficult of problems. There isn't enough room on this page to express my thanks. Now to go onto bigger and better things . . . expect a few phone calls. **Becca** — well we can definitely say that the times we had together won't be forgotten. Between the fights, the laughs, the really serious talking sessions, and the real friend to friend talks, you are my best friend, and life throughout college will be hard. Always remember you are who you are, and don't let people tell you differently. Cheesesticks and policemen!, that van full of boys, hottubbing!, the jobs, THE SUMMIT, remember the license plate CK — SCARY, and last but certainly not least those two brothers! You got to admit there is irony there! I guess certain things happen for a reason. Love you girl!! **Megan E.** — well you know the memories, so I'll keep this to a good point. You are probably the person I came to with most of my problems this year, and I love you for the listening, and the help. Never give up your attitude on life, even though sometimes it did drive me crazy. I will miss you more than you know. Your mother what?? **Marcy** — we will probably always fight, and never really tell our true feelings but you know I love you. Keep up the faith and always remember where you came from, and keep a positive mind about everything! **Genevieve** — you have been the sweetest person throughout school. You are best person to do that. I am going to miss you dearly. **Kate C.** — I loved those conversations at our lockers, sometimes about nothing. You are a good friend, and I am going to miss you a lot! Always keep smiling. You are a cool person! **Juliana** — when I did see you we had a lot of fun together, and I am glad that we were friends. You are the coolest person, and you always make me laugh. Thanks for all the laughs when I needed them most! **Jeff** — you know, you were always someone that I acted pretty stupid around, and I'm glad that through all my dumb mistakes, we could both just laugh it off. I was never crazy until I became a friend with you! **Opie** — you are a cool person that I will never forget. I hated your sarcastic remarks, but I will miss them. I knew you didn't write to me! Anyway. Have fun in college! **Kendrah** — I'm so glad I toured you the first day, and we kept the friendship going. I'm going to miss you. **Dee** — so you aren't the best driver in the world, but it was a fun night anyway! You are a cool person. Have fun next year! **Tee** — I'm glad I met you and was able to remain friends with you. We both know we would have been better off friends anyway. **Parker** — you have to be one of the most perverted people I know, besides Marcy, but you always made me laugh. Thanks for being a friend. **Keegan** — face it. You'll always be the bigger loser. **Kristen G** — you are an awesome person, and don't ever forget. **Kristina and Kylie** — you weren't around, but you were in my mind. Four years. The road is almost worn out, but I made it. A new section suddenly arose in front of me as I sprint over the last meters of my road. O God, where is the time when I walked on this unknown path for the first time? It's gone. Only memories are sticking around. It wasn't always easy to hold on to building, but with the help of others the pavement was laid, and the walking now is much easier. Thank you so much everyone that helped with the building. Even if you put down a little part of puzzle. It still made life at Gould a bit easier for me. (friends, coaches, faculty). Every little piece of this road lies deep inside my heart, and I promise it will never be forgotten. Mami, sci — Dakujem za tie prebdete noci. It's hard to pick and choose those to say goodbye to, so to those who have or will cross my path, Goodbye, Thank you, Good luck, I love you . . . all that mush.

To my family, Thanks for everything, I will always carry you close to my heart. I would never be here without you!

"I had the blessings, a moment of peace even when the night ends,

Yeah the blessings, can we meet? Can we meet again,
At the crossroads of disaster and the imperfect smile,
With the angel is the streetlamp that blinks on as I walk on
a mile, the blessings.

And the best ones were the ones I got to keep as I grew strong,

And the days that opened up until my whole life could be long,

And now I'm getting the answers, when I don't need them anymore,

I'm finding the pictures, and I finally know what I kept them for.

I remember, I can see them, see them smiling, see them stuck,

See them try, I wish them luck and all the blessings." —

"Well I left my happy home to see what I could find out. I left my folk and friends with the aim to clear my mind out. Well I hit the rowdy road and many kinds I met there, many stories told me of the way to get there.

So on and on I go, the seconds tick the time out, there's so much left to know, and I'm on the road to find out." — Cat Stevens

Rose Squires

I want to live
in a world where every flower is fire and ice, stars
and stripes, fucia or indigo.

I want to live
my life barefoot,
with the grass like feathers between my toes.

I want to live
in a world where summer suns caress your skin and
the rain falls like dew on a summer peach
and the night sky is filled with stars that sparkle like flecks of silver.

I want to
sleep in the soft, white sand at the water edge
where everything around me is lush greens
and the breeze whispers dewy scents.

I want to live
surrounded by individuals
each with something new and special to give me,
each accepting and loving me for what I have to offer.
I don't want
money to equal power,
weapons to equal peace or
beauty to be determined by what is on the outside.

— Rose Squires

— Chad and Jake, I am and all ways will be at home in your room. Represent 1-2-5, I am an honorary member, right.

I would like to thank my parents for the opportunity to come to Gould. Your support has been wonderful. It has opened my mind and I have become more outgoing. Thank you for everything. I'll be there for you both. **BEN** — it was a pain at first, but I got used to it. Good luck.

Those of you that I've been here with for four great years, they were some of the best times of my life. I won't forget that freshman trip. I can't believe it's over so quickly. Keep on your toes till we meet again some day.

JIM — don't be so foolish, listen to Chris and I next time, it will be for the better and you won't screw anyone over. **HENRY** — junior year; how fun. Who said you had Mad Girth anyway? **CHRIS** — you were the easiest roommate and our room was the best. Good luck in the future **BILL** — teach me how to use a computer next time. Keep up with that bass. What did you do in that room of yours last year? **JEFF** and **OPIE** — two red heads without a clue about skiing stick to x-country. **KATIE** — your a great friend, keep in touch, thanks for being there, always stay with the Pats. **KRISTIAN** — you are a spazz **CHRISTA** — I've had some great times, you will always be in my mind as you are now. I didn't think it would ever happen. I'm glad it did. I know our friendship will last forever. I'll miss you. Thank you for being there. To the rest of the Drummonds — good luck in the future keep that good tradition going. Those of you that I had ski trips with they were great times. Who knows how far I will travel next in such small vans so cramped up. It was fun. All of you will kick ass next year. Coach Simard — you've taught me so much more than I had known before, thanks for the great time on road trips "coach." To all I haven't mentioned I haven't forgotten you. Gould thank you so much.

Livka, what can I say? It's been a great three years. You always stood by me through it all, the good times and the bad. Thanks for being my shoulder to lean on. May there be happiness in whatever you do.

I have already graduated but I still am in High school? I have made new friends but, have not left behind the old ones. It almost the same as a senior year confusing and exciting. I just want to say I tried, I hoped, and I'm doing. To all my old friends from Weston High Senior class good luck and see you soon, and never lose touch. To all my friends that are scattered through the grades or who have already graduated or live in other places good luck. As I have said before school is never easy, for some it is impossible, life is not easy so fight hard become noticed and remember it not worth all the work unless you enjoy the ride so have fun but avoid a Pg. year! Thanks to all my new friends and lots of love to my old RJ DM TS DA BL VH LM LM LM KF RA BL CH and anyone I lost along the way. Remember don't take life so hard. To Mom and Dad: What can I say to the two people who have most influenced my life. A "Thank you" just doesn't say enough. I will try my best to make you proud, then you will be able to see how grateful I am. Cory and Billy: I wish you the best of luck when you get to Gould. Study hard, but have some fun too. Jon: Thanks for everything. I know it was hard at times, but I really appreciate everything. Marcy: Thanks for the good times. I couldn't have had so much fun without you. I'll look for you on the cover of "People" and "Paris Match". Maybe in college you'll come over and we can stay up all night watching Sean Connery (mm . . . mmm) and Harrison Ford. Yee-haw! Helloooo! La la la! Eckfeldt: Stay tough and never let anyone push you around. You could probably club them like a baby seal anyway. Becca: Hey girl, keep cool. Don't get into too much trouble. Lindsay: Never stop laughing . . . except when you're drinking milk, otherwise it gets messy. Teri: Thanks for all the encouragement. You're swell. Non-conformist. Lots of fun with my Genevieve . . . Caitlin: Thanks for everything. Sometime we should get together and discuss American Lit. Livka: For everything you've done, thanks. I'll never forget. Liv: Thanks for the support, the letters, and laughs. Sarah Paul: Hang in there kiddo. I know you'll come out on top. Desiree: Remember me, look to the Dress Barn, and put your faith in barn dances. Sisko: Keep cool on that snowboard of yours. Do a trick for me on the half-pipe. Tiger: Thanks for doing my ironing. Visit me sometime on your way to Wisconsin. Grrrrrr. Mr. Smith: Thanks for all the help. I wish you all the happiness in the world, including freezing temperatures and lots of fresh powder. Mrs. Baker: Thank you for all your guidance. I owe so much to you and your cheery disposition. Mr. Torino: Thanks for the fun times and classes. Look out for my little bros., will you? Madame and Dr.O: Thank you for everything. I hope that after I am gone you will still sing my song. To all the rest: Thanks every one. It is due to you all that my time at Gould has been one of such growth and enjoyment. Through friends and faculty, I have found my dream and discovered the person that I want to be. I'll never forget a single one of you and I wish you the best. I just hope you'll never forget me, or all the fun times we've had. Goodbye everyone — keep your heads high, thoughts clear and your eyes ever searching the stars. Your life will be what you make of it. The Genevieve to be: I don't know when I'll look back and read this, but I'd like to say a few words to myself. You know what you want out of life. Think for yourself, never conform to the easiest route, that was never your way. Never forget me, the Genevieve of the past. Remember me, the dreams you had, the life you found, and the people you loved. I will always be with you.

To my family, you have been my love support and inspiration, may that never change. Becky I love you more than I show, I hope that we can become better friends someday. Mum, Mammie, and Grampy, you have been there for me all my life and full of love and encouragement, thank you so much. **Genevieve** — You are the greatest best friend that anyone could ask for. Seven movie plus all nighter, who ate that pan of rice crispy treats, there's a proctologist in town named Ben Dover, six gun city and the water slide, Armadillo, and Steve Young, mmmm! "Do you know him? Does he call you at home? do you have a dorsal fin." I so glad we had the opportunity to become friends, because you are invaluable and priceless. Never Change. **Jill** — canoe trips, camping trips, long cries on the shores of the rangely lakes, we've seen it all and survived. I love like a sis. Always keep in touch. **Martha** — we grew up together and went in to different directions, but held on our great friendship. I have always thought of your family as mine, and you as a sister. Love you always. **Lindsay** — Sunday-night movies, across the log road solo chats, late night hot tub parties, (still waiting for that pizza to come), Real world all weekend on the couch, screams you and Eric could hear upstairs. You and I have come a long ways together, and grown up a lot. I hope that our friendship doesn't end at this "Turning point", but gets even better with age. **Becca** — going for a drive, eating dinner out, the condo party and the little incident. We've shared some moments to remember and some better left forgotten, thanks for all the good times **Shera, Blaze, Wonder Woman, Cat Woman, Star, Diamond, Prince Laia, Super Women, + Mack Daddy** — first day smiles, second day rain, burly mountain men, super cow and Betsey in the river, Toki in the ravine, summiting Mt. Carlo, Wind Song, "Shut-up I had to sleep on the hump", Chemobyl, Tambourine Man + Blow'n in the Wind, baby spruce traps, Air raids trying to start a fire for two hours, Snot rockets, and lentils rice and cheese ("just don't look at it and it tastes fine"), chow circles, potty mouths, permacrack, A—bars and blizzards that lost the TP. "Whose going to carry the shovels, Caitlin + Laurie." **Katie** — During times that try the soul, I cried and laughed on your shoulder. We shared many laughs and a few tears, like at Mt. Abram on the big T, and cheese falling from the sky at the lagoon. I love ya honey. **Laurie** — Thanks for carpooling, and listening (even though it might have made you blush sometimes). Remember the good times, cause that's all we shared. You're a terrific amigo. **Betsey K.** — we've known each other for a long time and have shared lots of great memories, thanks for laughs that meant so much and being a super friend. **Eric C.** — Skidda's, fouwa-fifty fouwa john dea tracta, driv'n in the Gator, and watching those explicit videos. Can't wait till I'm a model, we're married + can jet off to a deserted island to, you know. Until then behave yourself. **Betsy W** — your quite a character and you prove that daily. You're a great kid capable of great things. It was a "Turning point" . . . + don't forget south park. "Beefcake . . . Beefcake" — carmen **Megan E** — Condo party, driving with Andre, and weekends at my house. You're a good kid, enjoy the moment. **EJ** — Mr. Newell's science class "Why don't we look at the sun?" — Me "It hurts your eyes" — You "Very good EJ" — Me "I bet that you and EJ get married and have ten big-mouth kids." — Mr. Newell, Remember you and I are still on his "shit list". **Meg W.** — Bio room brawls, back of the bus "sex for dummies", and Quebec "O-zone" (you just had water). By the way you were the greatest asset to the F.H. team. **Jeff** — Egyptian rat —, doing bio, making me laugh, and being idiots. Your the greatest pimp ever and a swell friend. **Jenny W.** — thanks for being such great listener and an honest advice giver. I hope that you can accomplish all you set out to do. I am so glad to be friends with you. **Liz R. + Anna W.** — sneaking down closed trails and getting busted for it, rainy days at Attitash, playing keep away in F.H. (Anna I promise not to take your ball away), fascinating conversations and plenty of laughs. You girls are the greatest. To my F.H. girls, good luck. You guys are RED HOT! To all those who have not been mentioned by name I will never forget the friendship and love you all gave me. Without that I wouldn't be who I am today, or tomorrow. Last, but far from being least, to the three greatest teachers on the face of the planet — **Mr. Davis, Mr. Torino, and Mr. Newell.** You inspired me to do my best and work harder than I would normally like. You touched my future today, as well as my heart. You are truly my hero's and the kind of people I aspire to be. I love you all.

REPRESENT 1-2-5

I am sitting in Ms. Head's study hall. My next class is physics and these damned quotes are two days late. For all you new students that I have never met, I have one piece of advice. Do not eat the beef at the dining hall. Dakarkea is a painful disease involving your digestive system and Daka meatloaf. It hurts and there is not a toilet on campus that can do the job.

ROBIN — Don't ever eat meat, it gives you awful gas. You are a genius with a greasy mop.

DR. EVIL — Good luck . . . you know what I mean.

JAKE — Please stop talking! My ears are bleeding because you will not shut up.

BILL — It is not the size of your computer monitor that counts, it is how you use it.

RETO — Keep it megafunky!!!!

OPIE — I hope you live up to your Irish stereotypes in college, but don't end up in a casket.

ANDREW and EZRA — I had fun living with you this year. Andrew, start eating crisco sandwiches to gain weight. It may be bad for your health, but you will look bigger. Stay away from granola bars Ezra.

NATE, KRISTIAN, and EAMONN — You country bumpkins need to represent next year. Nate, I'm sorry that you are stuck here for two more unbalanced and blurry years. Ski jocks

Time that I spend in Gould Academy was something special for me. It was the most condensed experience in my whole life. Everything I experienced in Gould was just great, and they gave me confidence and opportunity to learn American culture.

I'm really proud of myself, because I'm graduating from Gould. I couldn't imagine my graduation when I came here as a sophomore. I've never forgotten the time that I made effort to speak English, and I will remember the time whenever I have some problems or difficulties in my future, then get over the difficulties with my grit that I got in Gould.

I have been supported by a lot of people since I entered Gould. I couldn't stand without their help.

Mom and Dad — My life has always been supported by you. You have been taking care of me for 18 years. Thank you for the opportunities that you've given me. I really appreciate you. You guys are best parents all over the world!

Mr. T — "You are late!" "Mr. Torino . . . my alarm didn't ring this morning." We had funny conversation every morning. Thank you for been my adviser for 2 years.

Dr. O — KONNICHIIWA!!!!

Mr. Graham and Mr. Rackliffe — Thank you for teaching me LAX.

Mrs. Pooley — "I can't run any more! I'm tired." Thank you for cross-country running and helping me with colleges.

Mr. Fiske — I always had fun in your class. I had never got bored with you. Thank you for teaching me for 2 years.

To all Japanese boys — I had a really good time with you guys. Don't forget about me, and stay cool!

C. Kitchen and N. Fredericks — We will have party again, dude!!!! Keep touch with me!!!

For the rest of you — I could have a good year with all of you. I wish you will have great life in Gould. Good Luck to you. "Thank you."

Everyone at Gould has in some way or another participated in my growth whether you know it or not, and I thank you. One never knows what small thing they've done that has had a big effect on someone else. If I neglect to mention you on this page, it certainly isn't because I didn't love you. If I did love you, you know it. "Drink it up, this one's for you. It's been a lovely cruise. I'm sorry it's ending, it's sad, but it's true. Honey it's been a lovely cruise. Hi, you must be Michelle . . . oops. So maybe we're an unlikely pair, and I made that first day a little bit more awkward than it had to be. We got over it. You'll always be my roommate with Bob and Janis in your closet. And I will always be your little woodbuby.

Are we soulmates? If not, I hope you find yours someday. Maybe you'll never have Bob's children, but I believe you are his child and he lives in you. If by now you still don't believe that I love you, all I can do is hope that someday you will. Lindsey — We're pretty wicked great with our guitars. I'm afraid I'm going to remember your underwear all too well. How did you always know it was me? Thank you for carrying me through MAISADS. I might have quit, but we won. Just one more wicked quick song before we go to bed?

Wallace — You are my best friend. I can share anything with you and I love you.

Leigh and Michelle — I don't know where to begin, but I know that I never want our friendship to end. Even though we are all headed in separate directions, we have to make a point of meeting up to discuss our lives over a muenster, Italian bread, mustard, and . . . ahhh . . . cheese nips sandwich. Leigh and Michelle: In my eyes you will always be the intelligent, caring girls across the hall from Sarah and I, that always loved it when I sat in your taco tub and talked to you. When, when, putting, trying. I was shafted hardcore! The doctor is in! Whatever! Check ya later man. Michelle please don't hate me. I had to!

Mr. Alford: Thanks for being a great advisor and terrific Spanish teacher. What? You don't own a single suitcase? Hydration is key!

Mom and Dad: Thanks for providing me with the opportunity to come to Gould. It was well worth it. I appreciate all of the support and advice you have given me when I struggled and didn't think I could make it. You have given me the power to succeed. I will always love you.

JJV Men's Soccer

The cry of "WILSON" could be heard across Clough's field. No, Phish had not come to play an afternoon concert. It was JJV B Reserve Soccer practice and Coach Hinkley was yelling at you know who.

JJV, JVB, Reserves, . . . call them what you will. These guys came to play. The growth on the soccer field was exponential. Throughout the season these guys improved their field play and their individual play. At the end of almost every game, regardless of the outcome, there were vast improvements over the previous game.

In moments when it all came together their play astounded opposing coaches and fans alike. Remember Josh Gray and Seung-Ho connecting for a goal with 10 seconds remaining. Remember Ben Murdock's first career soccer goal.

Josh Gray received the coaches award. For his unfaltering leadership, Eddie Keiser was voted MVP and, in the end, all the yelling must have paid off. David WILSON was voted most improved. Many thanks from the coaches.

JV Men's Soccer

With an impressive record of 9 wins, 1 tie, and 2 losses, the boys' JV soccer team once again produced a winning season. A solid core of returning players including Jon Gould, Chris Brooks, Marty Odlin, Jake Harrity, Robin Ghertner, and Eric Flanagan provided the confidence and experience needed to win games. Fourteen new players joined the JV team this fall, adding an increased level of excitement and competition to the team. CVA seemed to be the team's only obstacle this season. We easily defeated all other MAISAD opponents. Three times this fall we faced a strong CVA squad. Each time we fought valiantly, but were never able to put together the winning ingredients. Every team member will recall our heartbreaking 1-0 loss to CVA in the MAISAD championship game. Have faith guys, we'll get them next year!!! With our motto being "If you boot it, its not your problem anymore," the JV soccer team put together another fun, entertaining, and successful season.

Men's Varsity Soccer

The Boys' Varsity Soccer team got off to a wild start with an overtime victory against Hebron Academy. It wasn't until the fourth game that the Huskies suffered their first defeat. This, however, turned out to be the beginning of a turbulent middle stretch of the schedule. Although they had trouble with Waynflete and suffered a disappointing Parents' Weekend loss to Kents Hill, they did beat some of the toughest MAISAD teams: Hebron, CBA, and Hyde. Throughout the season everyone on the team learned some wonderful lessons about team dynamics that will prove more important than any win, loss, or tie.

Women's Varsity Soccer

The girls varsity soccer team rocked this year!!! We did well, having a final record of 5-7. It was a tough season, but we managed to pull it off. With Lindsay and Temma being the fabulous captains this year, they kept up the energy and spirit of us all. We had the help of Flare-daddy, Kendrah, and Katie scoring a majority of the goals. The midfielders pulled off their strategic moves and got the ball where it needed to go. We also had the pleasure of our defense team and the goalies supporting whatever got past everyone else. Great Job ladies!! Unfortunately, we did have a few players that were out for a good portion of the season, but they were there every step of the way cheering us on, and helping support the team. Thanks girls! We were all great leaders, and our ball work, and energy level picked up as the season continued. With having our only freshman on the team. Katie, and the rest of the team, we all know they will keep the spirit alive after all the seniors leave. Ms. Head was once again her fun, and energetic self — making the practices fun, yet challenging, and in each of the games showing her patience by not saying a word while all the other coaches were screaming there heads off. Thanks Ms. Head. We also had the pleasure of having our manager Mike. He was great manager, and showed his dedication even in the coldest of weather. Thanks Mike! Well ladies — another great season. Keep up the great work.

Women's Varsity Field Hockey

The Field Hockey team had a terrific season, continually keeping the opponents at bay. Suffering only two minimal losses and ending two games in double overtime ties, during the regular season. The girls tremendous playing and teamwork led us all the way to the New England Prep School Tournament quarterfinals. The varsity team's " 'O captains my captains" Katie Chapman and Laurie Young, led the team in constant enthusiasm, encouragement, and the run-o-fun. Scorers this year were Marcy Lavallee, Payson Halsey, Caroloine Riss, Lydia Mills, and Anna Warner. The forward line "worked it, owned it," and should be satisfied with a job well done. Betsy Kuzyk, Laurie Young, and Katie Chapman, were the teams kick'n links. Together they ran like a well oiled machine. When the go'n got tough the defense got go'n. Megan Paquette, Sarah Rackliffe, Jenny Wheeler, Molly Marancik and Betsy K. all made killer defensive plays. Amanda Barrett backed us as goalie — saving many close calls. Other assets to the team were Liz Rosenthal, Erin Chinchette, Liz Beebe, Adrian Smith, and Meg Ward. Special thanks goes to Christian Bill, the most shag-a-delic manager ever, whom without we would have lacked cups, oranges, and an endless supply of water. Lastly, I'm only going to say this twice, "Our team is what?" . . . "RED HOT!" "Our team is what?" . . . "RED HOT!"

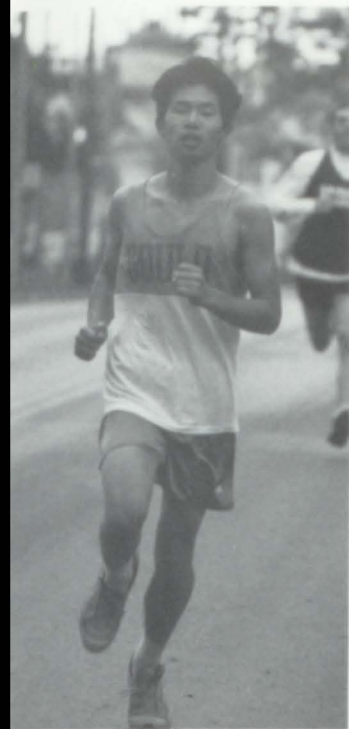

JV Women's Soccer

The JV soccer team had a wonderful season, we started out a little rough and then we WON!!! We won MAISADS!! (And a sleepover at Coach Manning's, dinner at Fern's House, and a pool party at Jodi Curry's condo!) Some commonly heard phrases from the soccer team: "Wash Your Mouth" (Tok-dawg), Dream Team On D (K-dawg, Alice and Bri-Funk), "Does anybody have a sunscreen?" (Tok-dawg), "You are so sandy beach" (Tok-dawg), "How many laps?" (The entire team lead by J-dawg) We'll be looking forward to another sexful season next year. On behalf of the entire team we would like to say sank's to Coach Manning for a superb season, both mentally and physically. We all appreciated your time and dedication to the team.

CROSS COUNTRY RUNNERS

Our season began with Lindsey Molyneux and Eamonn Donovan winning pumpkins in the Frank Vogt Alumni Day Fun Run by beating all of the speedy alumni who showed up to challenge our team. From there, we went to Kent's Hill where Lindsey's cart-wheel in the middle of the race demoralized the more "focused" runners. At Hebron we attacked the Killer Hill, and at the Hyde School our German "secret weapon" beat all female opponents. Meanwhile, Chris Kitchen defeated his shin splints to come back strong by the end of the season, while Mark Balcar and Eamonn succumbed to muscle pulls. Jason Perry was getting faster every week in spite of himself. Tim Hall finally ran the entire course without walking, even up the hills.

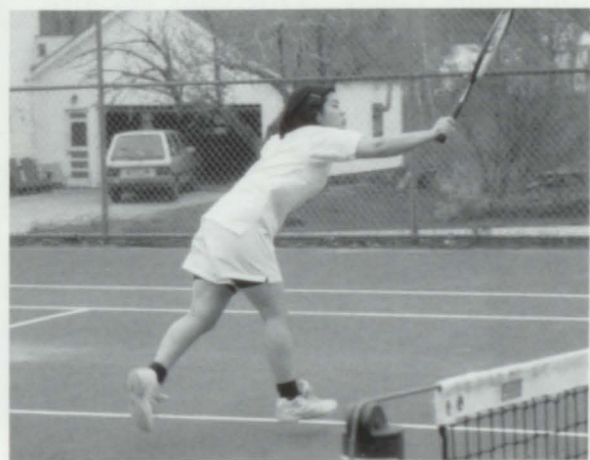

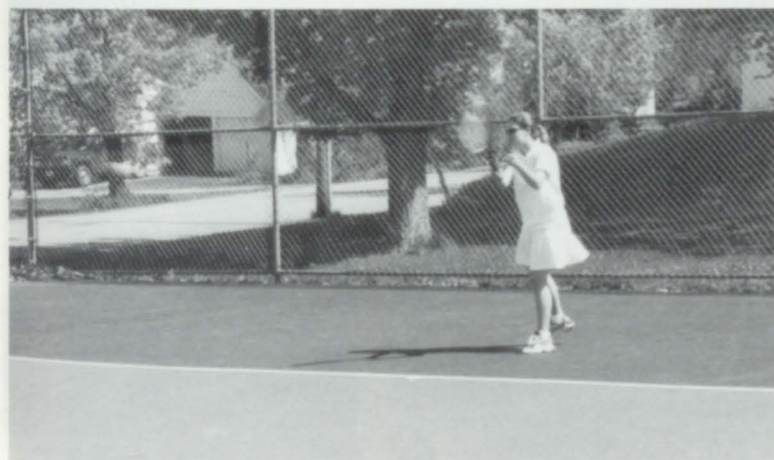

The MAISAD Championship was held on our home course. While the Men's Varsity — Kitchen, Perry, Scott, Yanagimoto, Beach, Rice, and Horiuchi — finished fourth in a field of eight teams, the Women's Team surprised everyone, including themselves, by taking first place over strong Hyde and Elan teams. Our scorers were Leigh Woodbury — 3rd, Lindsey Molyneux — 4th, Courtney Wilkinson — 13th, Rose Squires — 14th, Sarah Paul — 20th, and Livka Farrell — 26th in a field of 41 runners. Our top JV runner was Mike Ricker who finished 11th in the JV race.

Mountain Biking

The season of 1997 was great. The team captain, Anthony Colby, kept his position on the top of the podium for the whole season, winning 5 out of 6 races. There were also many other successes on the team. For the riders who had not raced prior to joining the team, they enjoyed the races, and improved their bike handling skills. Unfortunately the improvement was not seen with Greg, since he was unable to ride much. His effort of carrying his x thousand pound bike for almost a whole race was something to be recognized and respected. Looking back at the season, the mechanical problems were the biggest challenge. I remember going out on one ride where somebody's bike fell apart. Last second of derailleur adjustment were daily routines before practice. Anyway, some of the seasons highlights: I have never seen Greg's bike with the folk or wheel, but somehow he managed to be on the team; Anthony's winning streak; strong showing by Barret Stowell and Chris Horstman.

The golf team for 1997 included: Andrew Smith, captain, Chris Buckley, Brew Billings, Eric Wickman, Matt Powers, Jason Boursier, and Matt Lewis. This year we also had a recreational golf team whose members include John Kliem, Rob Liscombe, and Andy Bluestean. We had a fantastic season this year ending with a record of 4 and 2. This year marked the first time the Gould Golf team has defeated the Bridgton Academy team since 1861, the confederate states fired on Fort Sumter and Gould beat Bridgton.

The Riding Program

The fall and spring riding programs operated at nearly full capacity, with both horses and riders working overtime. The students ranged in ability from complete novice to advanced, but no matter what the level, everyone learned a great deal, especially about handling horses when not even riding them! Scott Roy (our only returning rider), John Kim, Sally Kim, Elizabeth Burton, Maria Cornwell, Jackie Scully and Jessica Sherman all rode or worked five afternoons a week during the fall. During the spring Scott, Elizabeth, and John returned to the riding team and newcomers Linsay Molyeux, Kate Wiley and Gwynn Zakov joined the horseback riding crusaders. Fortunately, the long lovely afternoons at Deepwood Farm were a pleasure. Only towards the end of the fall did we have to bundle up, but the spring proved to be a pure delight. Instructor Dianne Leighton prepared even the novice riders for dressage competitions at the very ends of both seasons. Gould riders rode Introductory Test 1 and 2 and Training Level Tests 2 and 3. The fall team tested their spirits in tough weather, and pulled through with flying colors. The spring team was much more fortunate, and were blessed with sunny, warm, beautiful weather for their two shows. Riders competed in open classes against juniors and adults and walked away every time with loads of ribbons, including several first second and third places! At the events, we rode our tests with style and everyone pulled together to cheer their teammates on, help with horses and clothes swaps, and enjoy tail gate lunches on sunny spring afternoons and freezing cold temperatures in the bitter fall. Coming together as "horse people" and going to ride nearly every day the riders have always felt very fortunate to be able to ride and get a competitive credit also by doing something they love so much and unconditionally. Good job riders and we hope to see you all back in the fall!

Varsity Basketball

Men's varsity basketball finished a successful 1997-1998 season, if not in the won-loss column, then in the hearts and minds of the players and coaches. That is, according to Emerson's definition of success and not the statistician's. Their 30 point victory over Averill High School was certainly the highlight of the year. Senior and Captain Henry Fasoldt led the Gould attack and defense with true intensity at every moment (even when down by 30!). Senior "Little" Caleb Davis quarterbacked the Gould offence all year long with style and determination. Senior Kyle Kuebler won the 6th man award with his play off the bench. Seniors Matthew Powers and Ki-Won Choi gave us some added firepower in our final two games against a strong Hebron team. Juniors "Big" Tate Lacey and Mike "MJ" Johnson were elected captains for next year's team. Lacey showed great improvement over the year, finishing the year regularly scoring 20 or more points a game. Junior Joo-Nam Park joined the team halfway through the year and set an example with his stellar D. Freshman Josh Gray "Ghost" was our starting 2 guard all year long, and showed great promise. Now if we can just get him to wear his glasses when he plays, there is no telling what might happen! Freshmen Chris "Buck-shot" Buckley and Peter Strazza also will be bigger and better next year . . . Also, Coaches Clarke and Torino would like to thank Kate Cleary for managing the team this year!

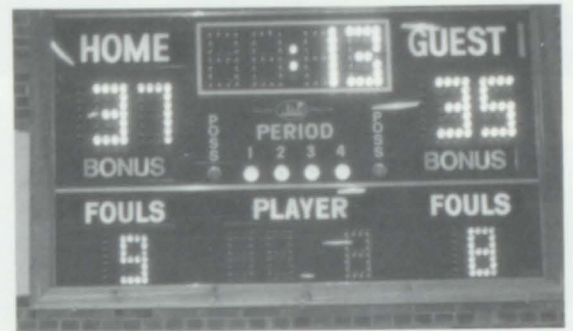

Women's Varsity Basketball

With only two returning players, we started out as a group of strangers. Our first task was to get a sense of team, and from there we went on to have the most successful season in decades. Our schedule was grueling, but with perseverance we pulled through. The emotional highlight of the season was the playoff game we won against Kents Hill. With this high we went to the western Maine divisional invitational tournament in Augusta, to face the #1 ranked and undefeated Monmouth Academy. Even though we lost, the spirit of the team can be remembered by the smiles of the faces and the look of satisfaction in the eyes of each player after the game. We did well and thanked everyone for the support we received — it made a difference.

Snowboarders!

Two programs were offered this year. The MAISAD program for those who wanted to get a taste for competitive riding and the Competition Program for riders who really committed themselves to a full time training program and competed almost every weekend throughout the season. Members competed in a myriad of events from the Pro American Snowboard Tour to the Night Pipe Jams at Sunday River and everything in between, USSA, USASA, ASC-ISF, and MAISAD.

This year marked the largest team yet at Gould with 16 participants. However, I can't recall a day when everybody attended practice. Where'd you go? It seems we were plagued by injuries. First to go was Coach Swett who was pretty much done for the season. Coaches Colletti and Gallant took over. Then Wickman crunched his collar bone, a double wammie took out Gardener and Brook, concussions we shared amongst riders, the helmet gained popularity and then Wickman came back strong and got broke again (wrist this time). Despite broken bones and torn ligaments & tendons we managed to have a very fun and successful season.

The women on the team battled it out for the top honors in the MAISAD series. Molly Marancik took 1st, Megan Paquette 2nd, Lydia Mills 3rd, Anna Sysco 4th, Talia Connery 5th, Sara White and Chloe Kaplan 6th. Marancik, Mills, and Paquette also participated in ISF/USASA events. These riders shared the top 3 place throughout the season.

In the men's division, Eric Cheney took 1st in the MAISAD series with Thomas Parsons in 3rd. Pipe seemed to be the focus area for everyone this year with huge improvements occurring on a regular basis. Riders got a little spoiled with Sunday River's pipe and had a hard time dealing with things not cut to perfection. The park ride this year was easily Loon. If you charge that last hit how much hang time did you get Eric? Thomas?

Recognition was earned by all the team members. However, a few athletes were presented with some special awards. Most Improved Awards went to Lydia Mills and Thomas Parsons, Sportsmanship to Molly Marancik, and Come Back of the Season to Eric Wickman.

Moe, Lyd, Megan, and Cheney rode their way to the USASA National Championships in Telluride, CO. Tell-U-Ride says it all. Molly made her second appearance in the nationals. With a 4th and 6th place finish from the 96/97 Nationals Molly's for a top three finish in '98. Eric, Megan, and Lydia are ready for their first and will surely have a good showing.

Team members: Eric Cheney, Talia Connery, Andrew Dana, Carl Davis, Trevor Fisher, Brook Gallup, Gardener Halsey, Chloe Kaplan, Milly Marancik, Aaron Miles, Lydia Mills, Megan Paquette, Thomas Parsons, Anna Sysco, Sara White, and Eric Wickman.

Gould Academy Freestyle Ski Team

The freestyle team had a memorable and successful season this year. Led by the fearless and charismatic captain Sho "Show Time" Shimoda, the team emerged as a major contender in the Eastern Division. Helped along by the coaching expertise of Jeff Yingling and Ryan "Ry Dog" Langley all of the team improved dramatically through the course of the season. Eric Hanian led the way in Aerials placing 8th at National Qualifiers. Jackie Paaso had an awesome season placing 5th at Qualifiers and 19th at Nationals. Senior Chris Kitchen reminded us that powder days were to be spent in the woods. Ashley Triffletti took it up on Rocking Chair and never failed to out jump the landings. Bill "The Thrill" McCloy and Marty "the Big MO" Odlin pushed each other to new heights in moguls placing 6th and 7th at Eastern Championships and 29th and 46th at Qualifiers, respectively. Justin Hall ripped and spinned all year just missing some key events. Eddie Keiser took it up all year and still managed to have perfect hair throughout the season. Alden "THE CHOCOLATE WARRIOR" Stearns had an incredible rookie season and let us know it. Jason "Stu" Boursier and Adam Kyasky improved tremendously in their rookie season. Remy Khalil our team Canuk, took it up "wicked huge" both here and in Canada. Chris "Diesel" Brooks can spin, talk trash and eat at the China Dinah with the best of 'em. Sarah Brooks ended up ending her season a little early but had some awesome spins before that. Andy Bluestein and Jon "he's not late he's . . ." Early improved and are ready for next year.

Special thanks to: Wyclef Jean, Smith, Carey Langley, Flannel and Hawaiian Shirt, Kevin Gagne, Jessie Odlin, Wal-Mart, the pawn shop, China Dinah and the event staff at Sunday River.

"It's all right cuz' it's Saturday night . . . I'll be eatin' mangoes in Trinidad with attorneys."

This year's nordic season was a learning year for the majority of our skiers. Whether it was rollerskiing up and down the hills at Grafton Notch or skiing the maze-like trails at Great Glen at Mount Washington, the learning curve was evident with each practice. Under the watchful eye of Mr. Taylor, the more serious racers fine tuned their ski techniques and the beginners had a perfect opportunity to learn from their peers. It was also positive to see GA's first ever nordic skier from Florida! Go, Tim Hall! Remember, Alpine skiers, Nordic skiing is the real sport, we ski up hill and downhill. And guys, enough of the Canadian jokes. The Jumping team had a tough season with inconsistent snowfall; it seemed as if each time Mr. Wight and Mr. McGuire would pack the hill new conditions — like a complete ice over! — would present itself. Yet, the team, in a flurry, traveled to Proctor Academy and anchored the championship for the NEPSAC's!

Women's Varsity Lacrosse

The Women's Varsity Lacrosse team had an awesome season. We were undefeated in the regular season with a 10-0 record. Our goalie, Betsey Kuzyk was ranked #1 for the MAISAD league, and Megan Flaherty led scoring stats with 40 goals! Our team also had four out of the five top scorers in the league. Both Betsey and Megan attended the New England game at Deerfield Academy. On the other hand, defense was all-new this year and did a tremendous job. For a young team we had a kickin' season. We are all returning except Betsey whom we will surely miss!

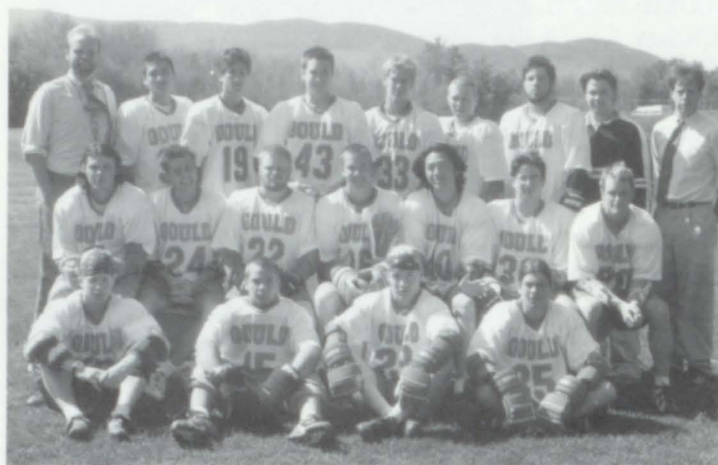

Women's JV Lacrosse

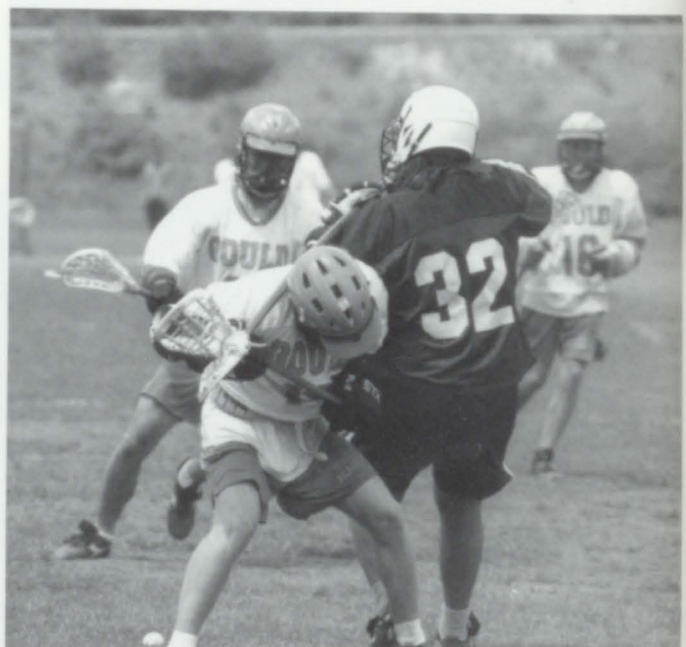

Our team won most games and were in good standing with the referees. The varsity "swingers" were Shifra, Kendra, Lydia, Sarah M., and Alex. Chelsey Bartlett played many strong games even when Bonny Eagle students were distracting her! Way to keep your concentration! Coach Burke kept our spirits high and our enthusiasm going strong. Thanks for a great season and remember — Crisp, Clean Passes! Chelsey — "Excuse me, sir!", Meg — "I'm open?", Shifra — "Two hands! Watch that check!", Kendra — "Off the dram, but strong at center"; Annie — Go Animal!; Fern Hickey Sternicki; Jody Drop and Give Me 50; Erin — "Cradel!"; Sarah W. — "Nice catch Whitie"; Lydia Is That 4 or 5 Goals High Scorer; Sarah — "Yes, Varsity stats; Nell Nice Shot; Natalie — Thanks for being a stand by; Alex — "Look up and pass"; Betsey Second High Scorer; Coach B — Good luck at UNE, we will miss you; Meg E. — Thanks for your help.

Men's Varsity Lacrosse: '98 MAISAD CHAMPIONS!

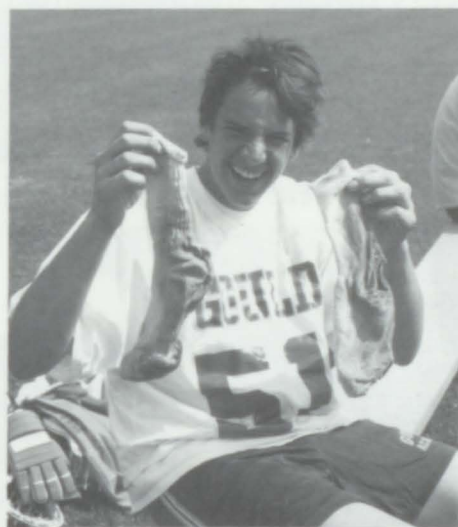

It was the story book season of El Nino, which began in the warm waters of the Pacific Ocean, heated up the early spring air of April, and brought unprecedented temperatures and dry fields to the most north eastern of lacrosse outposts in the continental United States. The Huskies took advantage of the early start and overcame individual and team set backs that proved to be the only obstacles between them and a MAISAD crown. The team was well led by All League selection and Sportsmanship Award Winner, Captain Drew Drummond, who put away his skis, picked up his stick with little practice, and marched on to top all scorers with 22 points. Banker Award winner, All League selection, and work-horse Anthony "Don't call me Tony" Colby was second on the team in scoring with 18 points. Corey Felton and Orlon "Carpet" Watson each added balance with 18 points. The Coaches Award recipient, Opie Rice moved to attack from defense with a left hand and 8 additional points. The midfield was deeper than past years with Goofy Bill Scott dominating face-offs, and long stick middies Matt Powers and Reto Morosani selflessly supporting The Most Improved Player Hiro Horiuchi, Andrew and Noah Smith, Spartacus Kevin Broderick, and Ezra Kao. Championships are not won on offense alone, All League players Eamonn Darrh Donovan and Dave Stiles anchored the best long stick defense in MAISAD. David moved from attack to play along side Donovan, Matt Noeker, and And-er-roo Drummond. The Huskies were well managed by Rob Liscombe, well timed by Dr. O., and well coached with the addition of the energetic Mr. Manning. The team ended the season with a 5-2 league record, 5-4 overall, and the third MAISAD title since '84. Coach Graham was quoted as saying, "We ended the season right where we wanted to be."

JV Lacrosse

The JV lacrosse team had a great season with an ending record of 7 wins and 3 losses, including the championships. In the championships Gould traveled to Hyde school where they knocked off Hyde in the first round, lost to Kents Hill in the second, and in the third beat Kents Hill to advance to the championship! We went into the second half of the game with a 3-2 lead. In the second half, Kents Hill kept Gould's scoring power house of Tristan Fischer, Matt Macko, and Angus Graham to one goal, while the stacked defense of Kelly Bryant, Peter Waitkin, and Sean Sullivan — backed up by the amazing Aaron Miles — kept the Kents Hill team to a low of only two goals. We went into overtime! At midfield, Perry, Keiser, Parsons, Wilcox, Monoco, and Remy did an amazing job on both offense and defense. Also, the middies of Voorhis, Stout, Lee, Hart, Grygiel, and Bryant did an exceptional backup job. DeSatnick backed up on defense as well. All the defensive effort gave Gould a last minute fast break opportunity. Macko kept his cool, and he got the ball wide open and passed it to Angus — right in front of the goal! Graham shot but the varsity Kents Hill goalie was right in his face. Graham stood with his stick pressed up against the goalies and the ball in the middle. The goalie tried desperately, but the ball wound up in the back of the net and we won!! Congratulations team!

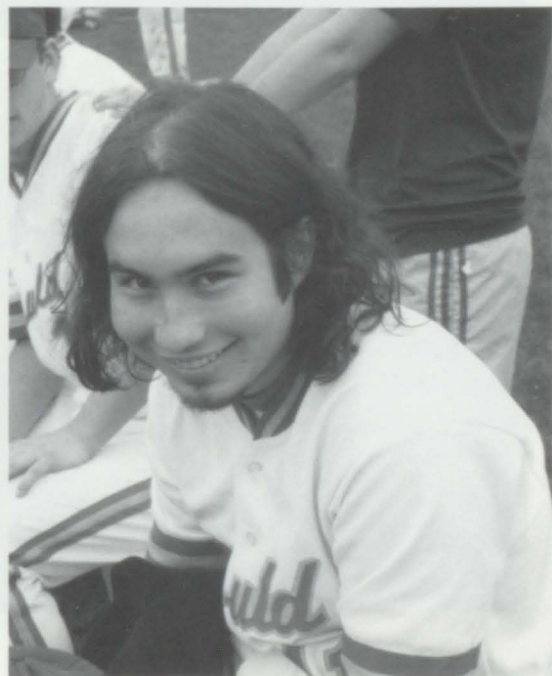

Varsity Baseball

The boys can be proud of their season on the baseball diamond this spring. With upperclass leadership and underclass enthusiasm, we competed every day we stepped onto the game field. I truly enjoyed coaching these boys. Coaching is easy and rewarding when athletes are willing to listen to advice and make adjustments accordingly, and this team was always looking for ways to improve. We started four freshman on the final day of the season. The future of Gould baseball looks promising.

JV Baseball

The 1998 JV Baseball team enjoyed a fun and successful spring. This Year, the team was made up of players with a wide range of abilities. Under the expert tutelage of Coach Small and Coach Olsen, the team developed into a solid force which provided its opponents with hearty competition. With two wins against Kents Hill and a last inning Victory over rival Heron, the team was able to see their hard work pay off. Thanks to all the players for a productive and enjoyable season.

Softball

This is a team whose record tells nothing of their talent. See their muscles. See their smiles. See their good looks. Despite some side glances resulting in fat lips, worm holes filled with grass, tight stirrups, and sliding raspberries, they prevailed. Here's to the new uniforms and more excitement to come!

Cycling

The bike team enjoyed a good season. We were blessed with a decent run of good weather, and though cold at first, we were able to get on the road on day one. We were also fortunate to have three returning senior riders with experience. The rest of the team members are young, with lots of energy and enthusiasm, and this bodes well for the future. Sho Shimoda would have to be considered the team captain. He came off of a season of free-style skiing with an injury that only allowed him to ride in the B level events. He won the B championship at Phillips Academy, and he placed fourth at the Lakes Region Championships. Jeff Costello was recovering from "Mono" and was able to ride for the C team at the last event. He helped us to a C championship. Ben Froburg has lots of experience and he helped out some of the younger riders. Marty Odlin put in his second season and had a second place finish at the C championship. He was the winner of the Most Improved Award. Jaclyn Paaso and Sarah Brooks added a new dimension to our team as our two women members. Sarah was recovering from an injury in skiing, while Jaclyn raced all the time. Additional members of the team all joined us as first year riders. Mark Balcar, Jon Early, Ryan Kitchen, and Barrett Stowell will make more of a mark in the years to come, but their energy and spirit helped us all very much.

Coaches: Jeff Yingling
John Wight

Men's Varsity Tennis

The Men's Varsity Tennis team ended the season with three strong victories to finish with a respectable 5-7 record. Many of the teams losses were lost 2-3 and many of the lost matches were in three sets. So, although the record was less than 500, the team was quite competitive.

Kristian Knights received the Most Improved Player award. Towards the end of the season, there were certainly many players competing for this honor, but Kristian pulled off an impressive victory over Coach Hinkley in the Varsity-Faculty match to earn the Most Improved Award. Dan Lechner earned the Sportsmanship Award for good calls and a level head.

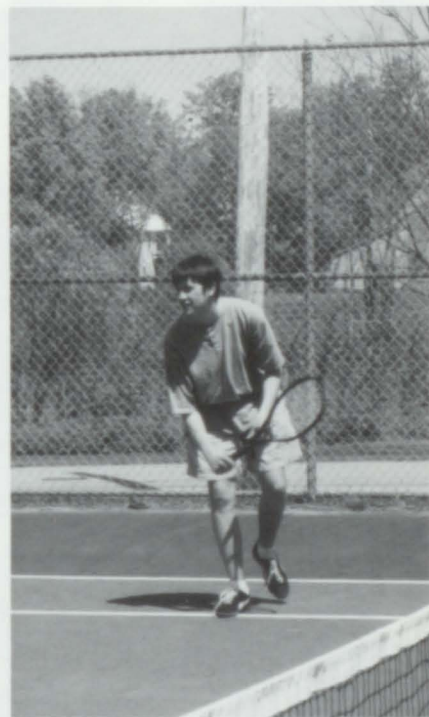

The team looks forward to returning six out of the seven starting players for next season, where they should be MAISAD favorites.

JV Men's Tennis

It's a game of love — love and effort — sweat and tears. The JV tennis team experienced all of these this year. The season was complete. As a team, we finished with a tough 2-6 record. But, at one point in the season each player played above his head and succeeded in an underdog victory. There's nothing like a soaked sweat band, a third set tie breaker and a winner at the net. Point, Set, Match.

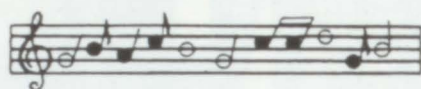

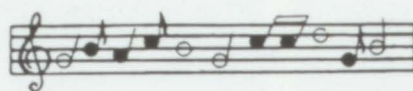

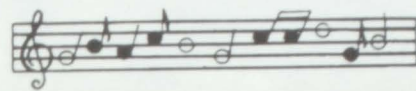

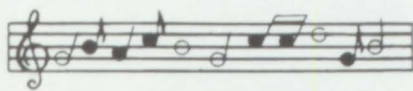

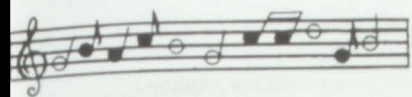

DRAMA

The Drama group performed another season of great plays. The winter production was a hilarious showing of the comedy *You Can't Take It With You*, and the spring dazzled the audience with a spectacular performance of *Cinderella*. All participants from stagehands to singers, to costume sewers to snack fetchers, are to be recognized for their dedication and hard work. A special thanks to all the energy put forth by the Nelson family.

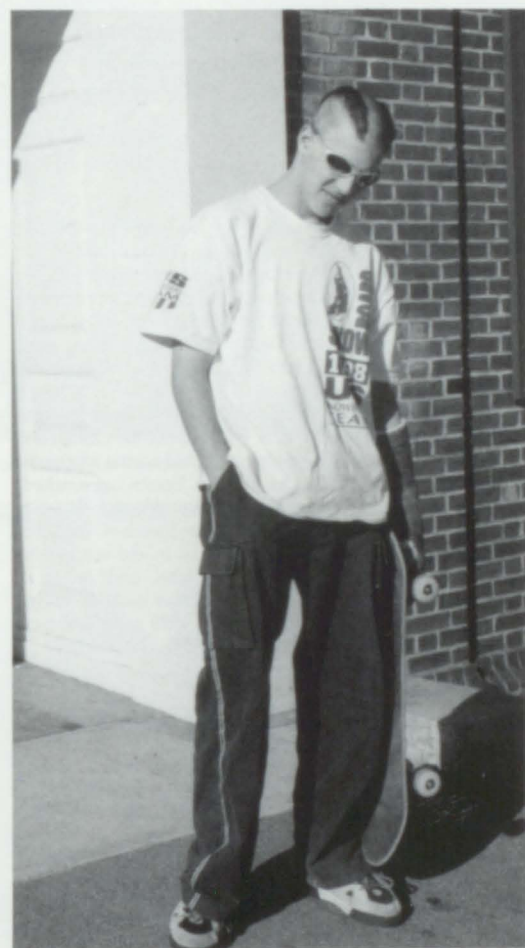

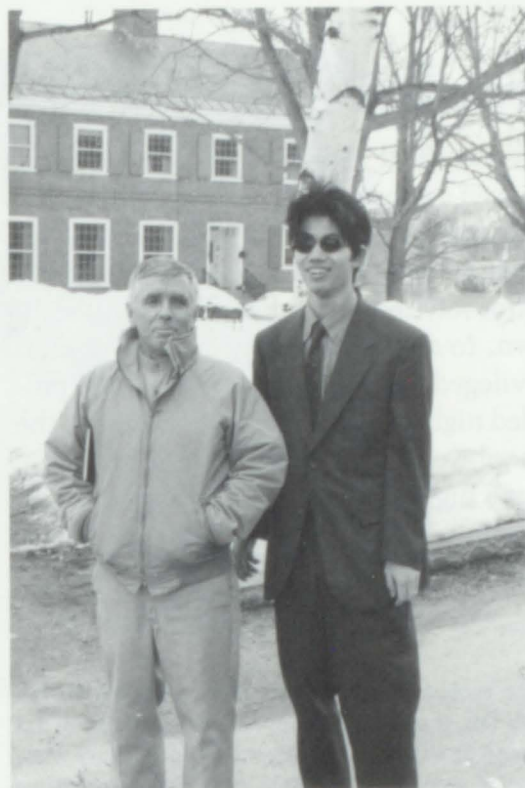

MUSIC AT GOULD

Whether Mr. Nelson was conducting The Chanterell's, The Portabello's, the chorus, Jazz Band, the Community Choir, the decorators of the Snowball, early morning discos, or "the pit" orchestra for the spring musicals he was in full gear and bubbling over with extroverted energies. His desire to make music accessible and enjoyable to all will be cherished by us all . . . and when we miss him, we can just join hands and sing Kuym-ba-ya.

National Honor Society

The National Honor Society once again enjoyed a productive year. The group participated in a wide variety of activities ranging from helping bake pies for the senior citizen Thanksgiving dinner in town, to sponsoring a toy drive for underprivileged area children. Students also provided nightly tutoring at Gould during the school week. The group also helped jump start a Big-Brother/Big Sister Program with Crescent Park that will take place next year.

Blue Key

Close to 400 tours kept our 60 tour guides busy all year. The entire Admissions Office would like to express their thanks for all the time and energy these students give. Special thanks go out to Alex Strong undertook the enormous task of scheduling all the tours. Visitors to the school consistently comment on the quality tours they receive from the students here, and we would like to pass on those compliments and thanks to all of the guides. Thanks for such a great year and we are already looking ahead to next year.

Gold Key

Gold key students volunteer to assist the Alumni/ae Relations and Development Departments in all sorts of project at the Park-Mason Alumni House. In September the Gold Key joined forces with the Gould Academy Alumni Association Board of Directors to make the 1997 Reunion a grand weekend for over 400 returning alumni/ae. These students set up tables, sold tickets, serve meals, gave directions, organized children's activities, and helped clean-up the campus.

During the Fall Parent's Weekend, volunteers modeled auction items, set up chairs, sold raffle tickets, and helped Mrs. Clough and Mrs. Todd facilitate an evening of fun and fund raising to support the Four Point Programs. As the Holiday Season approached, students sent good tidings from the Park-Mason Alumni House by writing card to parent volunteers and alumni/ae friends of the Academy. When spring arrived, students gathered in the sun on the south porch of Park-Mason to affix address labels and stickers to letters and brochures in preparation for another cycle of annual events, most importantly Reunion Weekend 1998 and the dedication of Ordway Hall.

The student Calling Program, coordinated by Mr. Scott Smith, Ms. Ann Proctor and Desiree Plata '99, introduced Gold Key students to the concept of philanthropy as they call and invite alumni/ae, parents and grandparents to support the Gould Academy Annual Fund. During each of the eight calling evenings anywhere from 10 to 14 students gathered at Park-Mason making calls, raising pledges, collecting stories and sharing their experiences as members of the 1997-1998 school community. In the process of learning about the world of advancement and the importance of philanthropy these students raised over \$10,000 to support the Academy's operating expenses.

In closing, Mr. Smith and Ms. Graham send a hearty thanks to all student volunteers, especially the four seniors who stepped forward to serve as Class Agents for the Class of 1998: Henry Fasoldt, Becca Fraser, Chloe Kaplan, and Temma Stout. The Senior Class should look forward to a grand 5th Reunion celebration in 2003!

The Yearbook

June 8, 1998: 12 more pages and one drive to L.A. remain.

ALL members of the staff this year were fantastic — yes, even you Bill. Marcy and Lindsay, Fern and Meg, EJ and Zack, Livka and Caitlin all contributed tremendously to assemble a great Yearbook. Part of the success came from a solid commitment from Livka to be the Editor. She took control of many potentially disastrous situations and in the end pulled everything together. Thanks to all that took pictures, remembered to show up for a photo, scribbled down write-ups, and contributed pictures.

This is what happens to you when you lose a roll of film!

Reachout

Reachout had a very good year. Membership more than doubled, and the energy level was high all year. We began our year with a UNICEF campaign, which went better than ever. This year Reachout members participated more fully in the March of Dimes walk because it was held Bethel. Reachout took on sponsorship of more child. We now have three. We also contributed to the Rainforest Preservation Foundations and many other causes. Reachout continues to be an exciting focal point for student involvement in social action.

Women's Fitness

We did not train for slalom or speed, but we did train for personal fitness goals.

Rugrats

The Rugrat program underwent a serious reconstruction this year. On the suggestion of Mr. Murphy, the Crescent Park principal, Rugrats become the physical education requirement for all third, fourth, and fifth graders. It was quite a challenge because it tripled the number of grammar school students involved. Our Gould instructors had to work tremendously hard to guide their groups from the parking lot to the rental shop and finally out onto the slopes. The number of kids who had never even been on skis was very high so our instructors spent many a patient hour on "Cone Hill" hoping to coax their charges to the point of being able to handle the real life. After all was said and done, the Gould Students were very proud of their accomplishments. It was no small feat to go from teaching forty kids to one hundred and thirty kids. Special thanks to the seniors. Their dedication to their students was outstanding.

Rock Climbing

For the first year, rock climbing was introduced to the Gould Academy non-competitive spring activities roster. The finely toned guides who headed the expeditions were: "Burly" Mr. Hutchins, "Big Man" Baker, and "Ballsy" Buz Morrison. The few intrepid climbers who dared to venture forth were: Christian Taglia, Rose Squires, Carl Davis, Laurie Young, Sarah Crocker, Trevor Fischer, Kyle Kuebler, Chris Kitchen, and James Randolph Penland. Many exciting times were had, visiting such sites as Cathedral Ledge, Jacky's Cap, Huntington's Ravine, and many more. We got so that we grew to love crack, and the sharp rocks of New England. Much was learned and everyone's climbing abilities improved, while having fun at the same time.

PROCTORS

Sparkle, sparkle little proctor
Proctors, proctors here we are
We came to Gould from near and far.

I like the way we go to meetings.
I like the thoughtful things you do.
You're such a kick to have around.
I like the proctor in you!

Gould proctors like to jump, jump!
So everybody cheer, cheer!
The zoo crew is here, here!

Baker herds the fearless proctors
Who let their spirit show
And everything that Baker said
The group was sure to know.

Lean on us. When you're not strong.
We'll be your proctor. We'll help you move on.
So don't be afraid to call us in college.
It's time to go now, go now . . .

Don't worry you'll make it.
Some where or some how.
We're a phone call away:
1-800-call-proctor
Thanks for your service!
GA all the way!!!

Outing Club

The Outing Club enjoyed its successful second season this year and owes special thanks to several faculty; Mr. Baker, Mr. Clough, Mr. Morison, and Mr. Manning were all a big part of the year. Also, thanks to Uel Gardner and Al Barth for the apples!

The 1997 Fall Club started its season with a refreshing dip in Deep Hole and a spectacular bonfire in the first week of school. Many memorable moments included, "Iceman" Thomas and his search for the coldest spring in Western Maine. Our unsuccessful climbing bid that ended with a rappel out of Hanscom. "Dr. Dresser? Where did he go?" Houston now knows why we hike in wool socks and well-broken-in shoes. Woodsman Warren has no place in his cold heart for Mr. Smith's Singer Sewing-Saw, but admits that Mr. Smith can toss a pretty mean caber. Thanks to Ax-men Tylan, Dan, Colin, and Patrick for splitting Holden's winter wood. Anna "What-Do-You-Mean-There's-No-Van" Sysko promises she'll get her own transportation next year. Ted pitched in with violent enthusiasm when Mr. Nelson said he'd cook dinner for firewood. Jamie fondly remembers the Freyburg Fair. Jeff admits that he would rather sleep in Trevor, Evan, and Anna's shelter than in his. And, Trevor earned his Birch-Bending Merit Badge on our map and compass hike. Many thanks to our two-year seniors who will be departing this spring. So long Reto and Betsy, we will miss you!

POLAR BEARS!!

The warm weather made for an early Polar Bear season this year. After much speculations as to when the first day would be, a group of 49 students and faculty finally headed to Songo Pond on April 21st. As usual, the length of the season and the early morning swims took their toll with the season ending at a total head count of 29. Throughout the spring the club had great weather and they set a record for visits to different locations. We added Lake Christopher to our conquests as well as a new swimming spot on Sunday River. The season ended with a traditional camp breakfast cooked at Mr. Sysko's mountain pond by Mr. Wight and Mr. Davis. Many Polar Bears enjoyed the ride down the ZIP line before and after breakfast while others, hardened by days of cold water swimming, swam from one end of the pond to the other.

SNOWBALL

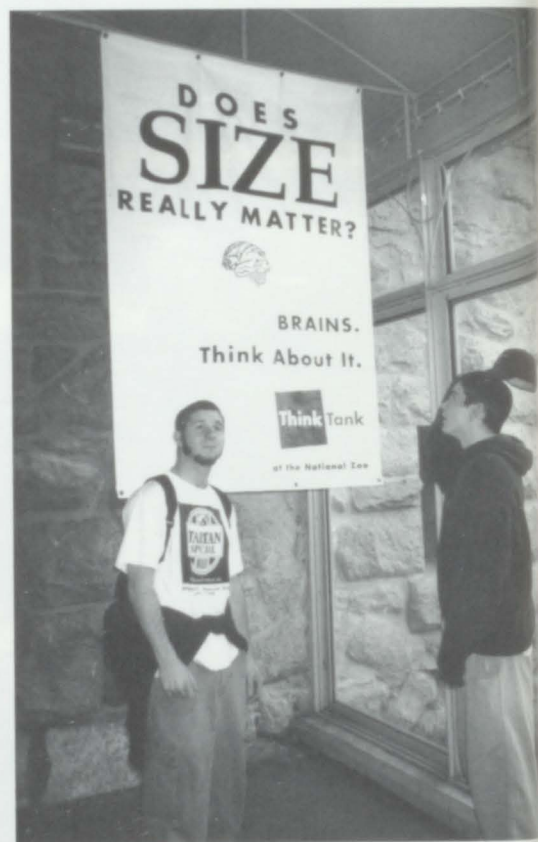

Can you guess the connections?

Senior Four Point

This year's Senior class enthusiastically traveled to Fredericksburg, Virginia to volunteer at the Fredericksburg and Spotsylvania National Park and the Prince William Forest Park. On the way we discovered an all girls school, a luxury hostel, and we spent a day exploring Washington, D.C. on and off the Mall. Once in Fredericksburg we experienced an eye opening historical bus tour and the showers in our camp. Each day we built bridges, cleared brush, attacked poison ivy, rerouted trails, painted buildings and cleaned cabins. Thanks to Colin for taking care of excess trees and to Michelle for her driving skills. After all our hard work, the nights were packed. Highlights include a Boston Bruins Hockey Game, late night chats with the people from Michigan, the fire pit, and Mr. Jankiki and the loon calls.

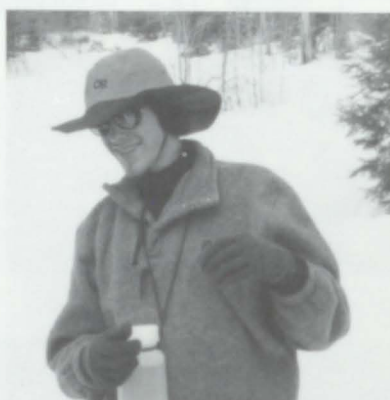

Junior

"If you have built castles in the air, your work need not be lost, that is where they should be. Now put foundations under them." And with that we started the climb, yet were soon to ask once more . . . why? "Well, somethings you do because you want to. Somethings you do because you can't," and we continued. That night we were wet and our feet hurt and we learned about the angels. Most people don't know there are angels whose only job is to make sure you don't get too comfortable and fall asleep and miss your life. Sitting on solo and wishing for spring didn't get us warm and we said to ourselves (for we could, for the first time, truly hear ourselves), "Plant your own garden and decorate your own soul, instead of waiting for someone to bring you flowers." As we peered through our ground mats that night the mountains sang a wordless song; for even if the mountains could speak, they wouldn't. Summit day answered our question. We thought about ourselves before the trip, but "they never dance our dance, they have not the speed nor the grace." Now, we are Juniors. WE who dance hungry and wild, under a winter's moon. The one thing we will never forget, you ask? "When you get blue and have lost all your dreams, there's nothing like a campfire and a can of beans."

Sophomore Four Point

Sophomores participated in Habitat for Humanity this spring, which brought them to three different cities in the East. The Lawrence group busied themselves with putting up blue board, vinyl siding, and a small amount of structural work. Ms. Carlson was pleased to have such a fine group of workers. The Hartford trip, led by Mr. Torino, never had a dull moment putting in windows and siding foam. The highlight of their trip was meeting a local named Joe who could put a two and a half inch nail up his nose. The third group stayed close to home in Portland helping to put up vinyl siding, and shingles. They spent their free time watching movies and frequently the Puffin stop.

Freshmen Four Point

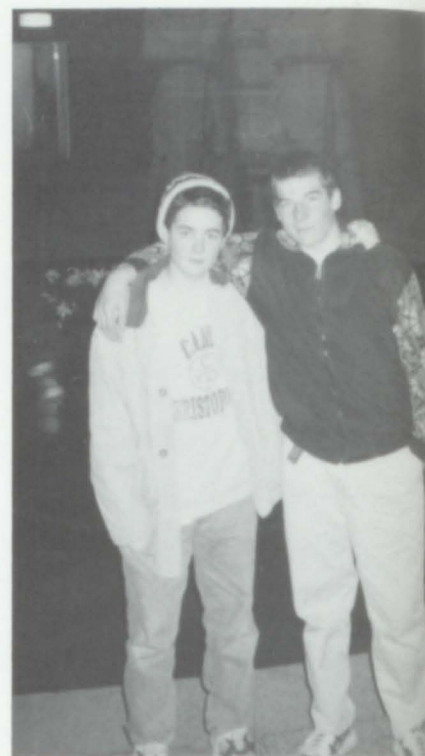

Most of the freshmen thought that the idea of visiting Germany would be like visiting the planet Mars. But it didn't turn out that way. This foreign country turned out to be just like the United States, and most of the people had a good time. The freshmen traveled to large cities such as Berlin, Potsdam, and Dresden. But they also went to small villages such as Zeitz and Drossig.

The freshmen learned a lot about the German culture by travelling to these cities. At Berlin, they learned and understood everything about post WW2 and the Cold War. At Potsdam they heard about the Post Conference and looked upon the beautiful palaces of this city. In the smaller villages they learned more about the relationship between neighbors and friends.

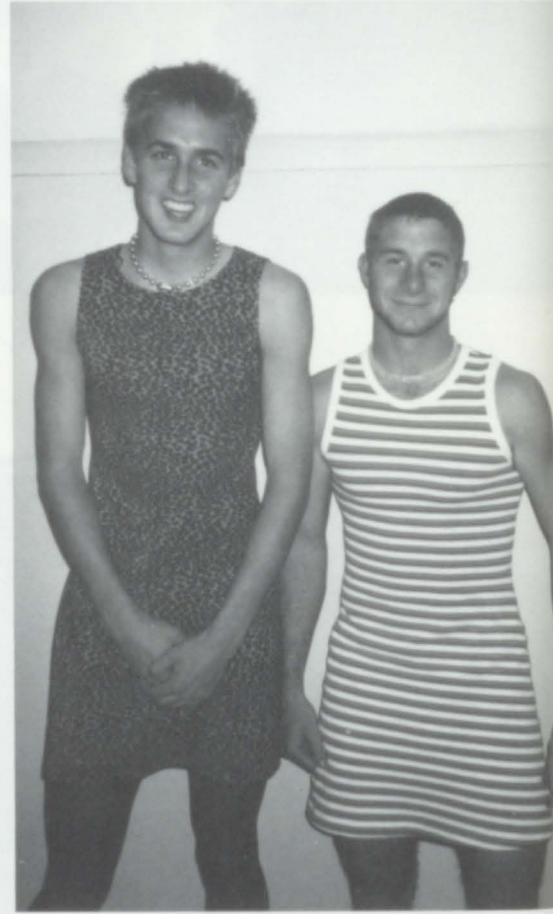

Other than school, there was the issue of different foods and drinks that taught the freshmen a lot about the German culture. Tasting brutworst and wienel sneitzel all opened their eyes to the larger variety of foods. The problem with contamination was present at this country, so the students had to get use to the idea of drinking carbonated water.

The language barrier was an issue also that helped the students of Gould to get to know this culture. Their girl/boy host was very fluent in English and most of the families had a small background in it. Germany is a country that also uses English quite often in businesses and such so it wasn't a huge problem to get through the two weeks.

One thing that all of the freshmen learned on this trip was how much they did care and value the United States. When they landed back on Newark small cheers were brought up for they were happy to be back home. Not that they didn't like and enjoy the trip to Germany (they were all happy to have gone) it is just that you really never know how much you love the United States until you are out of it.

"People for the most part, spend so much time regarding the past and future, the present becomes a mere subconscious thought." Admiring the past can be the most touching, comforting, and warm feeling. Likewise planning ahead is often profitable, but not always. The mistake, (which is widely accepted as correct), is the belief that thinking ahead is always the wisest action, with few exceptions. What is forgotten is the fact that neither past nor future would exist without the present. Every single moment of your life is dictated by the present. Every day as the sun falls, and sleep sweeps in, ask yourself, "Oh great world, cold world, sweet soft, wretched world, is there ought else that you desire of me at our parting, for darkness shall flow between us, and we will not meet again unless it is far hence upon a road which has no returning."

The Ozone has been a busy place this year. Caitlin Bass spent a term in Germany. She will graduate and go to Smith. We will miss her very much for many reasons. Fortunately her home is in Bethel and she will be back to see us. We picked up Sueng Ho Lee and John Kim in the Fall. They have added a lot to the group. Jason Boursier came in late in the Fall, but he is fitting in well. Rob Liscombe, Michael "Tiger" Ricker, and Eric Wickman have stuck with the gang. How do we sum up our year? Well, always on time and the treats were nice, while they lasted. Eva likes to "molest" the cat. We sat in the dark all year . . . what does it to get a light bulb changed around here? Take it out. Though she is no Martha Stewart, Mrs. Simard can bake and we all like our cookies burnt on the bottom anyway . . . sure it is your oven. We are still waiting to see who makes a better dinner — Ben or the girls? And, why must Ben always choose to be in a group with only girls? Coach Simard is a great one to go to if Mrs. Simard says no. The light heads (Coach, Riley, Ben, and Emily) rule the bowling lanes but the dark hairs (Jackie, Nell, Sarah, and Mrs. S) will get them on the mini golf greens. We will miss Eva but will gain another Simard this June!

Or until Mr. Clough tells us to go to school.

Every morning we met, Greg and Greg greeting each other with good morning. Noeker sitting next to Anna, Talia with a friendly smile, the smell of tapestries, and the ever constant wander to where Greg's book was. The only complaint of our group had to have been too many advisee functions.

ICE STORM '98

One of the worst natural disasters to occur in recent history swept over the Northeastern states on January 5, 1998. A five-day storm of rain and ice broke branches and toppled entire trees, downing power and telephone lines along with them. Emergency shelters opened to alleviate the plight of residents. Some areas were without power for only a few days but others were not as fortunate. The widespread path of devastation and destruction meant that utility companies had to call for help from companies farther south. Despite the tireless efforts by power crews, many areas were without power for two weeks; parts of eastern Canada were crippled for a month.

It was a time of community — a coming together to help each other endure and even overcome the great Ice Storm of '98.

Maine Declared A National Disaster Area

A Storm Beyond Compare

Five days of freezing rain left everything coated in thick ice. Trees and poles snapped like toothpicks. "It sounded and looked like a war zone," said Lori Hanson, yearbook advisor from Messalonskee High School in Oakland, Maine.

According to Central Maine Power over 523,000 residents in the state lost power, affecting over 340,000 households. There were twenty-six hundred utility poles replaced and two to three million feet of line or cable restrung on them. Fifteen of the sixteen counties in Maine were declared disaster areas.

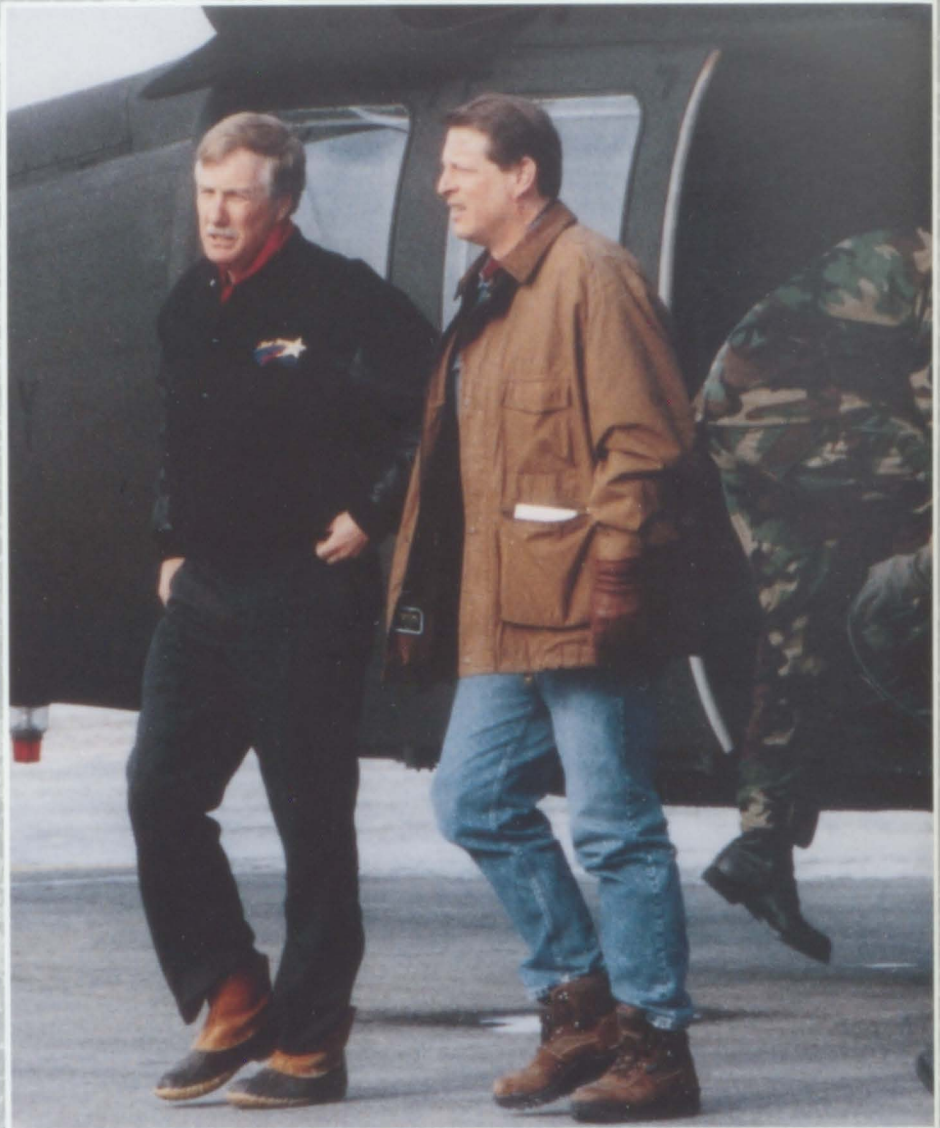

Luckily, many "Mainers" could revert to wood stoves for heat. Generators were in great demand also as people rushed to buy them to make their own power.

Vice-President Al Gore arrives in Maine to survey the storm damage with Governor Angus King. They announced that the federal government would extend at least twenty-eight million dollars for disaster relief to individuals and small businesses in Maine.

There was beauty despite the widespread destruction.

In a typical view of the ice storm damage, motorists veer around trees and downed lines on the road. With falling limbs an ever-present threat, many "feared for their lives" and stories of near misses were prevalent. Special thanks go out to the line crews from CMP who worked tirelessly to restore power to the region. With the assistance of the out-of-state crews, CMP was able to accelerate the recovery process.

Neighbors helping neighbors was a common sight; clearing debris was a massive job.

From Around New England . . .

Scenes from other New England states show that this storm had a wide-spread effect on hundreds of thousands of people. The broken trees will be a constant reminder of this destructive storm for years to come. Especially hard-hit were the maple syrup farmers whose livelihood depends on the maple trees. With this years' crop essentially ruined, fears about future production haunt the farmers' thoughts.

Northern New York Devastated

Upstate New York Held Hostage

The devastation from this storm was unimaginable in upstate New York. For five days the mercury hovered just above the freezing mark and the sleet and rain continued to fall until the ice build-up reached incredible proportions.

The ice brought everything to a halt. Students, out on Christmas break, never thought that the break would last until January 20. Folks worked together to help those around them. People arrived from all parts of the country to donate food, blankets, generators and their time.

Roads were impassable due to downed trees and lines.

While it was a near miss for this shed, many other structures suffered severe damage. Millions of dollars in damages resulted from the weight of the ice and falling trees and branches - some of which even crashed through dwellings.

Memories That Will Linger

Vehicles and crews from North Carolina were flown into the Brunswick Naval Air Base as part of the federal disaster relief effort. They joined other crews from the Northeast.

This special ice storm section was generously donated by Jostens Printing and Publishing to schools throughout New England. Thanks to all the people who contributed photos, including Toby Youngs at the Maine National Guard, *The Portland Press Herald*, and Lori Hanson at Potsdam High School.

We are confident that these pages will serve as mementos of the worst natural disaster to hit New England in recent history for the people who overcame it.
